# Parmeshwar Murmu

Full Stack Web Developer

## PROFESSIONAL SUMMARY

Skilled Full Stack Web Developer proficient in MERN stack. Demonstrated expertise in HTML, CSS, JavaScript, React, Node.js, and MongoDB. Hands-on experience in executing projects, emphasizing attention to detail and problem-solving abilities. A collaborative team player committed to delivering impactful solutions.

## PROJECT

### Go Grocery

Created an e-commerce platform where users can purchase groceries like vegetables, fruits, and household items, creating a seamless user experience.

#### Features:

- User authentication system for secure access to personalized content.
- Search bar allowing users to quickly find specific food items or vendors.
- Responsiveness ensuring optimal viewing experience across different devices.
- Sorting functionality to arrange food items based on specific criteria.
- Filtering options enabling users to narrow down search results based on preferences.

Tech Stack : HTML, CSS, JavaScriptt

#### Areas of Responsibility:

- Developed the landing page and home page using HTML, CSS, and Javascript.
- Collaborated with team members to ensure consistency in design and functionality.

Collaborative project involving 5 members, completed within a 5-day timeframe.

### StudyVerse

A website is developed for student's education purpose. It provides a user-friendly interface, a wide range of solution of different types of question of different subjects.

#### Features:

- User authentication: Secure login and registration for personalized user accounts.
- Sorting, filtering, and search bar: Easy navigation and quick access to desired destinations and travel options.
- Responsiveness: Website adapts and provides optimal user experience across different devices.

Tech Stack : React, Redux, Chakra UI, Node.js, Express, MongoDB

#### Areas of Responsibility:

- Developed and implemented the product and single product page providing efficient management and control over website content.

Collaborative project involving 4 members, completed within a 5-day timeframe.
