Parmeshwar Murmu

Full Stack Web Developer

PROFESSIONAL SUMMARY

Skilled Full Stack Web Developer proficient in MERN stack. Demonstrated expertise in HTML, CSS, JavaScript, React, Node.js, and MongoDB. Hands-on experience in executing projects, emphasizing attention to detail and problem-solving abilities. A collaborative team player committed to delivering impactful solutions.

PROJECTS

Artist

React Redux Chakra UI Node.js Express.js MongoDB

HTML CSS JavaScript

- Developed a dynamic and visually engaging web application using React, Redux, Chakra UI, Node.js, Express, MongoDB, HTML, CSS, and JavaScript.
- Empowered artists to showcase their creative works by allowing them to upload and exhibit their art.
- Implemented features such as file uploads, authentication, authorization, signup, login, updating, deleting, text search, and ensured responsiveness across devices.
- Took full responsibility for developing the entire web application as an individual project.

E-cart

React Redux Chakra UI Node.js Express.js MongoDB

HTML CSS JavaScript

- Developed a dynamic e-commerce web application where user can purchase different products using HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB.
- Implemented features such as authentication, authorization, slideshow, sorting, filtering, pagination, deletion, and text search.
- Ensured the application is responsive and optimized for different devices.
- Took full responsibility for developing the entire web application as an individual project.

StudyVerse

React Redux Chakra UI Node.js Express.js MongoDB

- Developed a user-friendly website for students' educational purposes.
- Implemented user authentication using Node.js and Express. Browse a wide variety of solutions to different questions.
- Created a responsive design for both mobile and desktop devices.
- Collaborated with a team of 4 members to develop the application and build the product and single product pages.
